Customs Clearance

Our mission is to make arrangement for you concerning complicated procedures, any kind of declarations, applications and tax payment to customs.

【Customs clearance permit number(Okinawa customs) NO.39】
You can leave it to us the following complicated arrangements; customs clearance, documentation, attendance to customs inspection etc. We make sure we can arrange them precisely through our highly qualified personnel.

Support for import & export operations

We provide with several plans and arrange for the following procedures; picking up cargoes for export, booking vessel, transportation in overseas, picking up cargoes for import in overseas, booking vessel, domestic transportation. We have accumulated experiences for those arrangements. Furthermore, we can support you carrying out machinery, transportation and installation in case of establishment of plant and removal.

Dismantling of machinery equipment, vanning

Cost can be reduced by loading building machinery, truck, automobile more than one on a container. We can suggest a proper plan such as dismantling large cargo.

Washing building machinery

We can wash building machinery, using specific know-how, to comply with destination standard.

Food, plant

Not to speak of food, we can handle import customs clearance of pineapple seedling, procedures at local farm field and export customs clearance of chinese black pine with root. Also, we can make arrangement regarding other laws and regulations.

Chemical products

We can deal with customs clearance of chemical products and materials in addition to plastic (scrap) such as resin products.

Groceries

We can arrange customs clearance of groceries like bicycles etc. by both FCL and LCL.

Prior consultation about Basel Convention

We prepare documents regarding Basel Convention and apply for it for you.

Request to CCIC • JAPAN

We request inspection and certification of CCIC • JAPAN which is the subsidiary of CCIC (Chinese national company).

Warehousing

We have a open bonded warehouse. You can store cargoes in any size.

Packing

We suggest the best way of packing based on customer's needs.

Antique dealing

We sell building machinery, trucks, automobiles and generators.

International multimodal transportation

We can transport your cargo by combining multiple ways of transportation such as truck, vessel and aircraft. We take advantage of global network to offer you comprehensive transportation service like door to door.

Insurance agency

We do insurance agency business for import & export cargo and so on.

Leasing

We do leasing business.
